- **Use fresh, ripe fruit.** The flavor of your sorbet will only be as good as the fruit you use. Make sure to choose ripe, flavorful fruit that is in season.
- **Sweeten to taste.** Sorbet should be sweet, but not too sweet. Start by adding a small amount of sugar or honey and then adjust to taste.
- **Add a touch of acidity.** A little bit of lemon juice or lime juice can help to brighten the flavor of your sorbet and prevent it from being too sweet.
- **Experiment with different flavors.** Don't be afraid to mix and match different fruits, herbs, and spices to create your own unique flavor combinations.
