Chapters

The book is divided into 12 chapters, each of which covers a different group of edible plants. The chapters are arranged alphabetically, from "Fruits" to "Vegetables". Each chapter includes a general to the group of plants, followed by detailed entries on individual species.

The entries on individual species provide information on the plant's:

- Botanical name
- Common name
- Family
- Origin

- History
- Cultivation
- Nutritional value
- Culinary uses

The entries also include a photograph of the plant, as well as a map showing its distribution around the world.
